AUDITION REQUIREMENTS:

For your audition, you should tell a two-minute story about your life. It can have any tone you choose (exciting, sad, spooky, suspenseful, surprising, etc.); however, it should--like any good story--have a beginning, middle, and end. While telling your story you must complete an everyday task (folding laundry, moving furniture, making a sandwich, eating an apple, etc.--you can even move chairs from one side of the stage to the other). Your everyday task cannot have anything technology involved (no phones or iPads). We will have two chairs and a table available for use. Consider the following:

- Tell a TRUE story--this should not be you “acting” like you. It should be YOU.
- Make sure whatever task you choose does not affect us seeing or hearing you.

Please review the rehearsal calendar with your parents. Conflicts WILL be taken into consideration during the casting process. All bold-faced rehearsals are mandatory. If there are any rehearsals you cannot attend please list them here or circle them on the calendar. *Please note that only rehearsals put on this application will be considered excused for the remainder of the process:*
